

SAFETY STARTS WITH ME!

Working together, let's make CommScope a safer, healthier, more productive workplace.

1 Health and Safety **FIRST**. Make smart decisions to avoid hazardous situations. 

2 Use Entropy® to report incidents, hazards and near misses immediately. 

3 Only engage in activities that you are fully trained to perform. 

4 Use equipment properly. Never tampering with safety devices. 

5 Maintain clear, organized work areas, pathways, and emergency exits. 

6 Lift correctly to protect your back. Avoid unsafe shortcuts. 

7 Use the right Personal Protective Equipment. Obey safety rules and signs. 

8 Avoid distractions. Respect your co-workers and your workplace. 

9 Actively promote workplace safety and wellness. Everyone wins! 

10 Avoid substances that impair your ability to safely perform your work.
