Welcome to the CommScope RUCKUS®
Alliance Program!

At Ruckus Networks, we redefine connectivity to build innovative solutions that deliver world class experiences and solve the toughest industry challenges. Our award-winning portfolio of access points, switches, cloud services and joint offerings enable channel partners, OEMs, and ecosystem partners to grow their business by providing customers with innovative, high value solutions.

What are the benefits of becoming a Technology partner?

- Your company is listed on CommScope Ruckus website with lead capture
- Permission to use Ruckus Logo on your website and in approved joint collateral
- Technical application note posted on Ruckus partner portal
- Joint solution brief (if applicable)
- Limited GTM planning based on opportunity volume and potential (if applicable)

What's expected as a Technology partner?

- Purchase Not-For-Resale (NFR) test equipment (Discounted)
- Interoperability testing with periodic updates (if applicable)
- Approved technical application note (if applicable)
- Provide/maintain points of contact (Business, Technical & Marketing/PR)
- Generate marketing collateral & actively develop leads and/or opportunities
- Promote Ruckus as a partner on your website – CommScope Ruckus approved logo attached
- Collaborate with Ruckus and its reseller partners on joint customer opportunities
