

Panels

- 1U, 2U, 4U

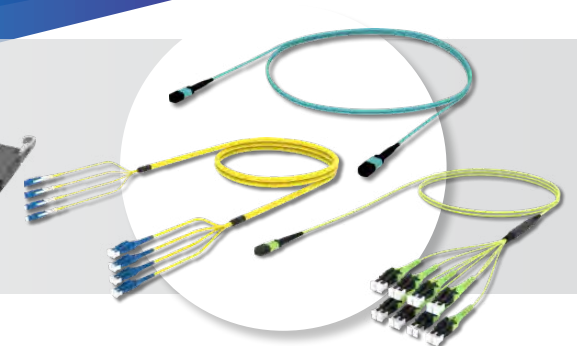

Adapter packs

- LC, SN, MPO

Modules

- Singlemode and multimode
- 8, 12, 16 and 24 fiber

Cable assemblies

- MPO8, 12, 16 & 24
- SN and LC Uniboot

Propel—the end-to-end, high-speed fiber platform from CommScope.

Propel—the end-to-end, high-speed fiber platform from CommScope—delivers with modular high-density fiber panels, modules, adapter packs and fiber assemblies. With 16- and 8-fiber options aligned with switch and server network architectures, QR-coded components for optical performance verification, and global availability, Propel provides data centers the ability to efficiently scale their network to meet the growing demands of customers.

- Modular, ultra-low loss, end-to-end fiber platform capable of supporting your data center's growth through multiple upgrades and migration cycles
- Features high-density fiber panels, modules, adapter packs and cable assemblies
- Interchangeable components deliver more functionality and speed with fewer parts
- Method B Enhanced polarity
- Seamlessly migrate to more efficient 16-fiber 400G/800G deployments while fully supporting your legacy 8-, 4- and 2-fiber applications
- QR-coded components verify the optical performance of any element when it leaves the factory
- Globally available
- Backed by our SYSTIMAX® 25-year extended product and Application Assurance warranty
